U Type Belt Cleaner

- **BELT WIDTHS**

Belle Banne U type belt cleaner is suitable for all belt widths from 400 mm – 3000 mm.

- **SINGLE DIRECTION**

The Belle Banne U Type belt cleaner is suitable for single directional belts only.

For reversing conveyor belts, we recommend using the Belle Banne R Type secondary cleaner.

- **HEAVY DUTY CONSTRUCTION**

Belle Banne U types are suitable for HD applications. All poles are schedule 80 material ensuring they are mine tough. All frames are gusseted as standard to ensure they are fit for rugged applications.

- **STAINLESS STEEL**

Belle Banne cleaners are available in either powder coated mild steel, or 304 stainless steel. 316 grade available on request.

FEATURES

- **UNIQUE U SHAPE**

The Belle Banne U type is “Unique” in its shape. The U shaped blade maintains maximum pressure in the centre of the belt where the majority of the material builds up.

- **EASY BLADE REPLACEMENT**

The Cartridge blade means that blade removal and replacement can be achieved in just minutes.

- **SIMPLE TENSION CHECK**

The spring adjustment system makes for a quick visual check to ensure the Belle Banne U type is suitably tensioned. Look for a 1-2 mm gap in the spring coils.

- **BLADE STOP**

The cleverly designed blade stop ensures that when the blade has been fully exhausted that the cleaner stops travelling and prevents unnecessary belt or cleaner wear.

The original Belle Banne U type belt cleaner is unmatched for superior cleaning efficiency – especially in tough applications requiring the removal of wet and sticky material.

The patented U shaped blade conforms to the belt allowing the carbide tips to scrape stubborn materials off the belt while the rubber backing squeegees wet materials.

The dual spring tension system maintains low, uniform blade pressure across the entire belt width. The U shaped blade and offset pole intensify cleaning power in the material carrying centre of the belt.

The U type is unbeatable as the final cleaner in a complete cleaning system. Teamed with a Belle Banne primary cleaner, the Belle Banne U type delivers results that are unmatched for cleaning performance and efficiency.
